W. Dawson Finds Religious Training Reduces, Crime.

That reduction of crime can only come about through religious training, correct legislation, and the awakening of public sentiment was the keynote of the talk given by Judge John W. Dawson to the Y. M. C. A. Tuesday night.

Mr. Dawson has for 31 years been a lawyer and judge on the bench during which time he has had an opportunity to study carefully law enforcement and and crime. Speaking of proper training of children Mr. Dawson said, "In al my experience with the Juvenile court I have never encountered a boy or girl in the court who had been an attendant at Sunday School, church, or had come from a Christian home". He continued that unless eihldren were taught proper discipline and respect for law they were greatly handicapped in assuming their duties as citizens.

"Legislation is also necessary, de clared the speaker. 10 Mules Beat 6 Bearcats in Thrilling Game

Warrensburg Wins Fourth Conference Victory While Bearcats Lose First One-Game Close and Hard-Fought.

Ten men from Warrensburg beat six nen from Maryville at the College gym last night. The final count was 30 to 26 but "Tad" Reid's mighty Mules were only able to nose out the Bearents in the last three minutes of play when Garrison and Albers broke the knotted score at 26 all with two short shots inside the foul line area.

It was the third conference victory for Warrensburg and the first M. I. A. A. defeat for Maryville. Both teams play here again tonight.

The Bearcats started the game with a rush and tallies by Burks and Hedges and a free counter by Ferguson gave them a five point lead before the visitors could score. Incidentally this was the greatest margin that ever separated the teams and three times the score was tied. The Mules then hit their stride and tallied seven points in rapid succession. Again the Bearcats lunged forward and field baskets by Ungles, Ferguson, and Burks, and a gift shot by Ungles gave them a 12 to 7 lead.

Then Coach Reid pulled his Rockne strategy and put in an entire team of fresh men-his first team, if you please, and they gradually pulled up to 16 all tie. Albers put his team into the lead with a short counter just before the half gong sounded and the scoreboard at the intermission was 18 to 16 for Warrensburg.

Determination was set on the countenance of every Bearcat when the final half opened-and the crowd was wild. Flash Brilliant Attack But Lawrence lied, then Ungles, then Hedges again Quintet Outpoints Them In Exciting and the Bearcats forged to the lead 21 to 18. The gym was in an uproar.

There is nothing new, of course, in word. Napoleon's bulletins to the Grand Army are a striking instance of the efficacy of the method, though the Little Corporal was by no means the originator of the device.

In a sense there is nothing new about "cheering by wire," for the custom of sending telegrams of encouragement to the home team battling on a foreign field is almost as old as modern sport or as the telegraph itself. It is only within the past three years, however, that the volume of such messages has reached a size sufficient to warrant the telegraph companies in making special arrangements for handling them. Since 1925, the Pep Message traffic has grown from almost nothing to many thousands of

The new service has met with hearty esponse from students and alumni, both male and female, in all parts of the country, and almost without exception it has had the enthusiastic support of faculty members, athletic association officials, coaches, team managers and players. Representatives of practically all the big universities and collegs have conceded the high inspirational value o fthe message from home, but support of the Pep Message is not confined to the larger institutions. The practice of sending messages of encouragement has taken firm hold at scores of smaller colleges and many high schools.

Nor are Pep Messages sent only by students and alumni. Thousands of these telegrams are sent by business men. In one Kansas town of 20,000, more than 300 Pep Messages were sent in connection with a single football game. The press of the country, too, has shown interest in the idea. In many cities where interest is high in the result of a game played away from home, newspapers have reproduced Pep Telegrams sent by the mayor, the governor or other prominent officials and have commented on the cheer by wire innovation both in their news columns and editorially. The Atlanta Georgian, for example, in November of last year, when the idea was still comparatively new in the South, said:

How to Root for the **BEARCATS**

By the Yell Leader

The best way in which the student body can show the teams of the school, that they are behind them is through the songs and yells. In hearing the songs and yells, the morale of the team is raised and the punch that counts

The only effective vell is the one that is well timed. To be well-timed a yell must be given in unison with the motions of the yell leader.

These suggestions will lead to good cheering : .. 1. KNOW ALL OF THE YELLS THOROUGHLY.

2. All start hard on the first syllable. Snap out the yell at the correct

3. Pitch up your voice and force the sound against your teeth. This will save your voice and give a clearer, sharper tone to the yell. Keep with the yell-leader.

4. Stay in the stands until the game is over.

Regarding opponents:

1. Show appreciation for the good plays of the opposing team.

2. Do not use the "cat-call" on anyone, at anytime,

The faculty members were Miss James, Mr. Eck, and Mr. Cradit. Miss Ludema Tannehill, a student of the Collego and Miss Marr, of the Maryville High School also attended the convention. The outstanding features were speeches by Dr. Paul Lomas, of New York University; J. O. Swift, president of Swift-Henry Commission, Kansas City; and Ex-Governor Allen, of Kansas. Over the Library Desk

The editor of this paper has kindly given his permission for the writer of these items to tell of some of the things that he may see "around the side of the desk" or even when away from the desk so we take this occasion to say that we slipped away from the desk for an hour Monday night in order to see the "feline" encounter at the gymnasium between our own "Bearcats" and the "Bobcats" from Peru, Nebraska. It was a real battle from first to last and we enjoyed it very much. After the game, when we came back to the library, our thoughts went back in the past to some of the hardfought games we have seen in our present library room, which until a short time ago was our gymnasium Do you remember with me, when Mc-Clintock, Lona Perrin, Kirby Taylor, the Seymour boys, Fred Vandersloot and others were stars on this court, with V. I. Moore as our coach? In those days the members of our facul ty all sat together on the platform at each assembly. And by the way that reminds me of something else. Mr. Wells and Miss Brumbaugh went to Kidder last Friday to complete the work of cataloging their library there and we understand they have chapel there every day, the teachers all sit ting on the platform in a semi-circel as our teachers used to do. Mr. Wells and Miss Brumbaugh sat with their faculty during these exercises. Mr. Wells probably felt gatte at home when called upon to talk for he has done this many times in our own assembly meetings, but he made some sort of remark Brumbaugh sing but as she has not came through. practiced this at our own assembly she declined the invitation.

A great deal of interest is being taken in current questions, judging from the material being used in the library. We have never known a time when there was as much demand for material on World Peace, League of Nations, Outlawry of War, Intervention, the Nicaraguan question, and other questions and foreign policies. Besides being a debate subject this year, various societies are using the topics as subjects for discussion, and some papers are being worked out on these subjects.

Our high school practice teachers and also some of our college professors will occasionally put a bibliography upon a subject in the hands of their students, and make assignments from the same when this material is not available. Often the references given were never in our library and as it is inevitable that some of the material that has been here at one time or another will be lost, it would work to the advantage of the teacher, pupil, and 10 Mules Beat library force if these bibliographies are checked over in the first place t see that they are in the library and then are gone over from time to time to see if all the material is still avail

It was a game witnessed by more than a thousand rabid fans who saw in the officiating of John Bunn, a type of work which approached perfection. It was a game worth 50 cents and an hour of anybody's time and money.

The Warrensburg Canaries, girl's pep sound accompanied the team, did much hibition of drilling between halves.

"You will enjoy this picture because it has a real story value and, while fantastic it could possibly have happened. It is more than a series of gags, such as the Beery-Hatton comedies. Both Mr. Wolheim and Mr. Boyd try to keep their characters human rather than to make them caricatures that have escaped from the funny paper. They are both excellent in their respective characterizations, and Mary Astor is attractive as the original heroine. The production has been handled with painstaking exactitude.
